

FAMILY LEAVES
FOR VERA CRUZHuerta's Near Relatives Quit
Mexican Capital.

DEPART ON SPECIAL TRAIN

Two Military Trains Carrying Eight
Hundred Men Run Ahead and An-
other Train With Five Hundred
Troops—Brings Up the Rear—Presi-
dent Huerta and Other Officials May
Leave in a Few Hours.Mexico City, July 15.—The family
of President Huerta and other relatives
and close friends left the capital
for Vera Cruz aboard a special train.
The train was composed of three
sleepers and a baggage car. Run-
ning ahead of it were two military
trains carrying 800 men. Following
came another military train with 500
troops aboard.The family of General Blanquet,
minister of war, also left on the special.It is believed President Huerta,
General Blanquet and other high officials
will leave the capital in a few
hours.The party boarded the train at Villa
de Guadalupe, a railroad station about
five miles from Mexico City. Only
a few persons were aware of their
departure.The departing party included Senora
Huerta and her children, Colonel
Luis Fuentes, the president's son-in-
law, and his wife and family, and
Minister Blanquet's family, General
Liborio Fuentes, father of Colonel
Luis Fuentes; Eugenio Paredes,
treasurer of the general republic, and
family; Minister Aguila and family,
who are relatives of Senora Huerta,
and several close friends.A train manned by the Twenty-
ninth regiment is waiting at the In-
ter-oceanic railroad station and it is
thought Huerta, Blanquet and others
may leave by this train, but Colonel
Luis Fuentes, before the departure of
the special from the station, was
heard to request some brother officers
to go to Huerta's house and keep him
company.

REBELS READY TO ENTER

Say They Can Occupy Mexico City in
Twelve Hours.El Paso, Tex., July 15.—In case of
a sudden fall of the Huerta govern-
ment Constitutional troops are in a
position to enter Mexico City within a
few hours, according to revolutionary
agents here.It already has been arranged, it was
said, that the troops under General
Candido Aguilar will be the first to
reach the city. His 4,000 troops are
deployed between Tuxpan and Orizaba,
in the Vera Cruz district, and it is
asserted will be in a position to
reach Mexico City within twelve
hours.Probably the second group of troops
to reach the national capital will be
the army under General Obregon.

LEGAL DEPARTMENT WAITING

Prosecution of New Haven Directors
Is Uncertain.Washington, July 15.—Final deter-
mination of the question of whether
criminal indictments will be sought
by the department of justice against
directors of the New Haven railroad
probably will not be reached until the
conclusion of the negotiations for a
peaceful dissolution of that system.
The fate of these negotiations is
said to depend largely upon the action
of the New Haven board at a meeting
scheduled for New York Thursday.The department cannot reach the
New Haven directors for any of the
financial transactions which brought
down upon their heads the condem-
nation of the interstate commerce
commission.
It can act only through the anti-
trust act, which has a section mak-
ing it a criminal offense to enter into
a conspiracy in restraint of trade.

GUNBOAT STRIKES ROCK

American Vessel Reaches Samoa
After Accident.Washington, July 15.—Listed heavily
to the starboard and with her main
deck awash the American gunboat
Princeton reached the naval station
at Tutuila, Samoa, in a sinking con-
dition.Her commander, Lieutenant Beall,
cabled the navy department that the
vessel struck an uncharted rock while
surveying in the passageway between
Tutuila and Aunuu islands.

HIDES LOOT WORTH \$54,000

Woman Admits Concealing Plunder
Stolen by Husband.New Orleans, July 15.—Mrs. Charles
C. Craven, twenty years old, who the
police say admits she has hidden \$54,-
000 in cash and jewelry alleged to
have been obtained by her late hus-
band in several robberies, was arrest-
ed here and is held as a suspicious
character.Her husband and a companion were
killed at Wildwood, Fla., five months
ago in a fight with detectives.MEASURES BUMP
SEVERAL SNAGSAnti-Trust Program in Senate
Is Uncertain.

ABSENTEES CAUSING DELAY

Differences Between Members as to
Important Points in the Clayton Bill
and the Measure to Regulate Securi-
ties of Common Carriers Is Another
and Efforts to Merge Bills into One
Measure Is a Third.Washington, July 15.—The adminis-
tration anti-trust program, revitalized
by energetic action of senate commit-
tees last week and apparently assured
of perfection to hasten the session of
congress to a conclusion, has struck
some more snags.Just what all the snags are has not
been ascertained. Absenteeism is one
of them; differences between Demo-
crats as to important points both in
the Clayton bill, pending before the
judiciary committee, and the measure
to regulate securities of common car-
riers before the interstate commerce
committee, is another, and a desire
on the part of many senators to have
all the pending bills consolidated into
one measure is a third cause.Many senators are declining to par-
ticipate in discussion of the interstate
trade commission bill. That the com-
mittee is far from agreement on the
securities measure was admitted by
one of the members.The judiciary committee met and
endeavored to perfect the Clayton
bill. Some changes already an-
nounced, are again under considera-
tion.

PRELATE ACCUSED OF ARSON

Negro Bishop and Eight Others Are
Indicted.Asheville, N. C., July 15.—True
bills, charging arson, were returned
by the Buncombe county grand jury
against Bishop C. R. Harris of the
Second Episcopal district of the A. M.
E. Zion church, one of the leading
negro churches of this state, and
eight other men who were trustees of
Hopkins chapel here when it burned
about four years ago. The accused
were arrested and released on bonds
of \$500.It is alleged the burned church was
insured for \$2,000 some time prior to
the fire. It was condemned by the
city. Shortly afterward the trustees
took out additional insurance of \$8,-
000. Two months later the building
burned.

CONFESSES SLAYING OF BOY

New Jersey Farmer Tells Police He
Killed Youth.Riverside, N. J., July 15.—Edgar
Murphy, a young farmer of New Al-
bany, confessed, according to authori-
ties, that he was the murderer of
Herman Fisher, seventeen years old,
who was shot and killed as he was
returning home from a visit to his
sweetheart, Ida Wilhelm, early Sun-
day.Murphy, who is a married man,
though separated from his wife, told
the Burlington county authorities,
they said, that he committed the mur-
der because Fisher had informed
Miss Wilhelm that Murphy had a wife.

LAW SUMMONS SIR EDWARD

Leader of Opposition and Ulster Chief
Will Confer.London, July 15.—A surprise was
sprung by the announcement that An-
drew Bonar Law, leader of the oppo-
sition in the house of commons, had
summoned Sir Edward Carson to Lon-
don, supposedly in connection with
negotiations for a conference on
home rule. It is believed a conference
of the party leaders is being arranged.
The house of lords finally passed
and sent down to the house of com-
mons the bill amending the home
rule bill.

STATE COMPROMISES SUIT

Mississippi Settles Anti-Trust Action
Against Standard Oil.Jackson, Miss., July 15.—Attorney
general Ross compromised for \$60,-
000 an anti-trust suit of the state of
Mississippi against the Standard Oil
company of Louisiana, the Standard
Oil company of Kentucky and the
Galena Signal Oil company.It was charged the companies were
operating in restraint of trade.

BAKING POWDER MAKER DIES

Dr. Vincent Clarence Price Succumbs
to Heart Disease.Chicago, July 15.—Dr. Vincent
Clarence Price, inventor and wealthy
manufacturer of baking powder, died
at his home here of heart disease af-
ter an illness of several months. Dr.
Price was born in Troy, N. Y., in
1832 and was graduated from a New
York medical school in 1858.

J. T. HEFLIN.

Alabama Congressman
Says Times Are Good.

BUSINESS NEVER BETTER

Congressman Hefflin of Alabama Is
Optimistic.Washington, July 15.—The adminis-
tration's business policy was defend-
ed vigorously and the condition of
the country's business declared to be bet-
ter than ever in a speech in the house
by Representative Hefflin of Alabama.
Mr. Hefflin called Representative
Humphrey, Republican of Washing-
ton, who has made several speeches
picturing business depression, "a
calamity howler."VIGOROUS CAMPAIGN
ON TUBERCULOSISMinnesota State Board Decides
to Quarantine.St. Paul, July 15.—The state board
of health has officially declared tuber-
culosis to be a communicable disease
and subject to certain quarantine
regulations. This action was taken
at the suggestion of Dr. H. M. Brack-
en, secretary of the board, and marks
an epoch in the fight against the
white plague in Minnesota. The fol-
lowing resolution was passed:"Whereas, tuberculosis now is re-
cognized as a communicable disease,
therefore, be it resolved, that a case
of open tuberculosis must be isolated
either in a sanatorium or at home;
"Be it also resolved, that all early
cases shall be so cared for as to pre-
vent the disease reaching a stage that
will become dangerous to others, if
possible."This resolution means that in coun-
ties where there are no sanatoria the
board will see that in all open cases
of this disease, where there is danger
of contagion, certain quarantine rules
must be enforced.According to members of the board
this resolution and its enforcement is
the most important action taken
by the state in the war against tuber-
culosis since the campaign began.*****
ENGINEER WHO PULLED
FIRST PULLMAN DEAD.Berkeley, Cal., July 15.—Mil-
nor C. Gilmore, who gave Ab-
raham Lincoln a "boost" in his
engine cab when the president
lost his train at Mattoon, Ill.,
soon after his first election,
died here. He was seventy-
seven years old.
Gilmore pulled the first Pull-
man dining car ever built.

BATHING LOVERS DROWNED

High Wave on Lake Michigan Claims
Two Lives.Chicago, July 15.—An unusually high
wave carried Miss Florence Jordan
and her fiance, Nathan S. Martin,
bathers, into the lake, drowning both.
Four other girls swimming near by
were caught in the under tow of the
wave and carried out, but were res-
cued.The two swimmers were washed to
their death in sight of hundreds of
bathers.*****
PRIDE.
Pride is not the heritage of
man. Humility should dwell with
frailty and atone for ignorance, er-
ror and imperfection.

AGED MAN DENIED LENIENCY

Judge Hints of Sentence to State
Prison.Chicago, July 15.—Federal Judge
Geiger refused to impose a fine on
Francis M. Lowry, one of the defend-
ants convicted with John F. Jelke of
defrauding the government of the 10-cent
tax on oleomargarine.In refusing the judge intimated that
a penitentiary sentence might be im-
posed on Mr. Lowry. He postponed
until Sept. 14 a motion for a new
trial.

Mr. Lowry is seventy years old.

The secret of wealth: Make money

cott's Magazine.WHY CLARK IS
NEVER CONSULTEDSpeaker's Power Not as Great
as That of Majority Leader.

WHO IS FINANCING MEXICO?

Attention Called to Tremendous
Amount of Money Necessary to
Maintain Standing Armies—Difficult
to Keep a Quorum in Either House
or Senate—Precedents Established.

By ARTHUR W. DUNN.

Washington, July 15.—[Special.]—"I
wish he would consult the speaker,"
was the remark of a prominent Demo-
crat of the house in referring to Presi-
dent Wilson. "He always consults
Underwood and other members, but
does not seem to realize that the speak-
er holds the second position of power
in the country."Probably the president realizes, as
many other people have come to real-
ize, that when the speaker was shorn
of his power by the new methods
adopted by the Democrats when they
took control of the house, he is not so
influential as he was in former years.
No doubt the president consults Under-
wood in preference to Clark because he
knows that the majority leader is in
closer touch with the members of the
house than the speaker. It is the lead-
er who practically names the commit-
tees—that is what gives him his control
—and Underwood is the kind of a man
who can keep control.Mexican Finances.
No doubt it is much cheaper to main-
tain armies in Mexico than it would
be to maintain the same number of
fighting men in other countries, but
even in the Mexican way it must take
a deal of money. Naturally the ques-
tion is asked, "Who is financing the
warring factions?"The answer usually has been that
large interests in Mexico are behind
these factions, but even that is not
quite satisfactory. It is doubtful
whether the stake can possibly war-
rant the outlay. A civil war such as
has torn Mexico for three years would
have bankrupted almost any other
country.

Counting a Quorum.

When Speaker Reed counted a quorum
in the house more than twenty
years ago he raised a riot. Now the
speaker counts to determine the pres-
ence of a quorum day after day. Vice
President Marshall found one day that
forty-eight senators had voted on a
proposition, just one short of a quorum.
"We might just as well settle
this question now as any other time,"
he announced and proceeded to count
three senators who had announced
their pairs and declined to vote as
making a quorum. There was an ap-
peal and a great deal of argument.
Then the morning hour expired, and
the question was shunted into the
limbo of things never decided. But
some day Vice President Marshall will
establish his precedent on this subject,
upsetting all that has gone before.

Long Service Against Him.

Congressman James T. Lloyd of Mis-
souri is encountering serious oppo-
sition at home because he is now serv-
ing his ninth term, or eighteen years in
all. "No Democrat forty years old has
ever had an opportunity to vote for
any one but Jim Lloyd," is the argu-
ment which is used by his opponents.
Often times long service is an asset be-
cause of the advantage it gives a mem-
ber in committee assignments and in-
fluence. But there comes a time when
ambitious men say, "He's had it long
enough," and they go after the long
service man.

Short Talks by Gallinger.

"I am not going to discuss this ques-
tion at any length," said Senator Gal-
linger of New Hampshire when he be-
gan addressing the senate. "I have
come to the conclusion that I am not
going to discuss anything at great
length in the senate hereafter," he ad-
ded. There are millions of people who
wish that other senators would follow
the lead of this senior senator of the
body and "can" much of the talk.

Cause of Absenteeism.

So many senators gave as a reason
for nonattendance in the senate that
they were engaged in committee work
caused an investigation to be made,
and it was ascertained that sixteen
committees of the senate had obtained
permission to sit during the sessions of
the senate. Of course that excused the
senators, although they did not have
to give any excuse. They can simply
stay away, and there is no way to
help it.

The Game of "Seesaw."

Congressman Wingo of Arkansas
was criticizing the methods of legisla-
tion one day and remarked that he
thought it was about time for the
house to stop "seesawing with the sen-
ate." He said he would rather retire
from congress than engage in such a
game."I'm afraid my friend will have to
resign," remarked Congressman Sisson
of Mississippi, "for the only way we
can legislate is to seesaw with the sen-
ate."Sisson knew, for he had been on
many conference committees when the
"seesawing" lasted for weeks. And
what is more, he knows that the sen-
ate has better staying qualities in
such a game than the house.

WOMAN FACES SECOND TRIAL

Mrs. Bessie J. Wakefield Brought Into
Court.New Haven, Conn., July 15.—Accu-
sed of having, with James Plew, caus-
ed the death of her husband,
William O. Wakefield, in the Cheshire
woods a little more than a year ago,
Mrs. Bessie J. Wakefield was for the
second time brought to trial in the
superior court here on a charge of
murder in the first degree.Eighty-four talesmen were in court
when the case was called and the se-
lection of the jury began.HINDUS ARE URGED
TO RISE IN REVOLTUprising Against British Gov-
ernment Preached.Vancouver, July 15.—Four hundred
Hindu volunteers are being held in
Western Canada to go back to India
with the Hindu passengers on the Ka-
mogata Maru, who have been denied
admission, and preach revolt against
the British empire.A Mohammedan priest spoke in
Sikh temple here on Saturday night
and urged his hearers to join in the
movement. Six Hindus have just
come from Golden, B. C., and are ad-
dressing meetings of the Hindus in
this city, urging the same thing. They
purpose to canvass Vancouver, Vic-
toria, Nanaimo and other centers in
British Columbia with their propa-
ganda.According to those who are follow-
ing the movement it is intended to
raise a force of 1,000 anti-British mis-
sionaries, including the 400 volunteers
and the 350 Kamogata Maru passen-
gers soon to be deported.

DARING DAYLIGHT ROBBERY

Lone Robber Seizes \$110 and Some
Jewelry From Two Women.St. Paul, July 15.—Two young wom-
en were held up and robbed near the
fish hatcheries by a bandit who didn't
take the trouble of wearing a mask.
The women, who gave their names to
the police as Miss Florence H. Mar-
shall of Chicago and Miss Amelia
Marshall, St. Paul, said they were
robbed of \$110, a gold watch, a pearl
pendant and a baby's bracelet, which
one of them was carrying in a hand-
bag.The Misses Marshall drove to the
hatcheries in a carriage. They had
just started up the hill on the return
when a man sprang from a clump of
bushes.
He pointed a pistol at him and de-
manded that they give up their valu-
ables. After the young women had
given up their money and jewelry the
bandit retreated through the bushes
at the edge of the road. He threat-
ened to shoot if either of them
screamed.CONVICTED BRIBER

DOCTOR THREW AWAY HEAD

Seattle Murder Mystery Exploded by
Coroner.Seattle, Wash., July 15.—A woman's
head, found by workmen on the city
garbage dump at the foot of Borden
avenue, on the south shore of Lake
Union, and which at first was believed
to have belonged to a murder victim,
was thrown away by a physician who
had been conducting experiments on a
corpse obtained from the county
hospital, the coroner announced.
A preparation of red lead used in
medical laboratory work had been in-
jected into the head, giving it the
appearance of having only recently
been severed from a living body.NEXT MOVE UP

STARTS BOOM FOR HAMMOND

Eastern Paper Says He Would Appeal
to Conservatives.Washington, July 15.—The Wash-

W. S. Hammond of Minnesota for the
presidential nomination in 1916 if he
is elected governor this fall. It says:
"The sudden prominence of Ham-
mond as a candidate for executive
honors in the Gopher state is giving
concern and some agitation to Demo-
crats who realize that he will be a
big figure in the next national conven-
tion if he puts Minnesota in the Demo-
cratic column this year."
"Hammond would appeal to many
conservative Democrats the country
over as a more acceptable candidate
for first place than Woodrow Wilson."

they fight here Thursday night.
"Smith is too strong and dur-
able for Carpentier," said

of the roads, it was announced by rep-
resentatives of the men.Backed by overwhelming vote in
favor of a strike the representatives
of the men hold that only by the rail-
roads yielding from their position can
be averted a strike that might become
the most extensive and disastrous in
American railroading.The result of the referendum vote
will be presented to the general man-
agers' committee in writing, accord-
ing to a request made by them at a

FAMILY LEAVES
FOR VERA CRUZHuerta's Near Relatives Quit
Mexican Capital.

DEPART ON SPECIAL TRAIN

Two Military Trains Carrying Eight Hundred Men Run Ahead and Another Train With Five Hundred Troops—Brings Up the Rear—President Huerta and Other Officials May Leave in a Few Hours.

Mexico City, July 15.—The family of President Huerta and other relatives and close friends left the capital for Vera Cruz aboard a special train. The train was composed of three sleepers and a baggage car. Running ahead of it were two military trains carrying 800 men. Following came another military train with 500 troops aboard.

The family of General Blanquet, minister of war, also left on the special.

It is believed President Huerta, General Blanquet and other high officials will leave the capital in a few hours.

The party boarded the train at Villa de Guadalupe, a railroad station about five miles from Mexico City. Only a few persons were aware of their departure.

The departing party included Senora Huerta and her children, Colonel Luis Fuentes, the president's son-in-law, and his wife and family, and Minister Blanquet's family, General Liborio Fuentes, father of Colonel Luis Fuentes; Eugenio Paredes, treasurer of the general republic, and family; Minister Aguila and family, who are relatives of Senora Huerta, and several close friends.

A train manned by the Twentieth regiment is waiting at the Inter-oceanic railroad station and it is thought Huerta, Blanquet and others may leave by this train, but Colonel Luis Fuentes, before the departure of the special from the station, was heard to request some brother officers to go to Huerta's house and keep him company.

REBELS READY TO ENTER

Say They Can Occupy Mexico City in Twelve Hours.

El Paso, Tex., July 15.—In case of a sudden fall of the Huerta government Constitutional troops are in a position to enter Mexico City within a few hours, according to revolutionary agents here.

It already has been arranged, it was said, that the troops under General Candido Aguilar will be the first to reach the city. His 4,000 troops are deployed between Tuxpam and Orizaba, in the Vera Cruz district, and it is asserted will be in a position to reach Mexico City within twelve hours.

Probably the second group of troops to reach the national capital will be the army under General Obregon.

LEGAL DEPARTMENT WAITING

Prosecution of New Haven Directors Is Uncertain.

Washington, July 15.—Final determination of the question of whether criminal indictments will be sought by the department of justice against directors of the New Haven railroad probably will not be reached until the conclusion of the negotiations for a peaceful dissolution of that system.

The fate of these negotiations is said to depend largely upon the action of the New Haven board at a meeting scheduled for New York Thursday. The department cannot reach the New Haven directors for any of the financial transactions which brought down upon their heads the condemnation of the interstate commerce commission.

It can act only through the anti-trust act, which has a section making it a criminal offense to enter into a conspiracy in restraint of trade.

HIDES LOOT WORTH \$54,000

Woman Admits Concealing Plunder Stolen by Husband.

New Orleans, July 15.—Mrs. Charles C. Craven, twenty years old, who the police say admitted she has hidden \$54,000 in cash and jewelry alleged to have been obtained by her late husband in several robberies, was arrested here and is held as a suspicious character.

Her husband and a companion were killed at Wildwood, Fla., five months ago in a fight with detectives.

MEASURES BUMP
SEVERAL SNAGS

Anti-Trust Program in Senate Is Uncertain.

ABSENTEES CAUSING DELAY

Differences Between Members as to Important Points in the Clayton Bill and the Measure to Regulate Securities of Common Carriers Is Another and Efforts to Merge Bills into One Measure Is a Third.

Washington, July 15.—The administration anti-trust program, revitalized by energetic action of senate committees last week and apparently assured of perfection to hasten the session of congress to a conclusion, has struck some more snags.

Just what all the snags are has not been ascertained. Absenteeism is one of them; differences between Democrats as to important points both in the Clayton bill, pending before the judiciary committee, and the measure to regulate securities of common carriers before the interstate commerce committee, is another, and a desire on the part of many senators to have all the pending bills consolidated into one measure is a third cause.

Many senators are declining to participate in discussion of the interstate trade commission bill. That the committee is far from agreement on the securities measure was admitted by one of the members.

The judiciary committee met and endeavored to perfect the Clayton bill. Some changes already announced, are again under consideration.

PRELATE ACCUSED OF ARSON

Negro Bishop and Eight Others Are Indicted.

Asheville, N. C., July 15.—True bills, charging arson, were returned by the Buncombe county grand jury against Bishop C. R. Harris of the Second Episcopal district of the A. M. E. Zion church, one of the leading negro churches of this state, and eight other men who were trustees of Hopkins chapel here when it burned about four years ago. The accused were arrested and released on bonds of \$500.

It is alleged the burned church was insured for \$2,000 some time prior to the fire. It was condemned by the city. Shortly afterward the trustees took out additional insurance of \$8,000. Two months later the building burned.

CONFESSES SLAYING OF BOY

New Jersey Farmer Tells Police He Killed Youth.

Riverside, N. J., July 15.—Edgar Murphy, a young farmer of New Albany, confessed, according to authorities, that he was the murderer of Herman Fisher, seventeen years old, who was shot and killed as he was returning home from a visit to his sweetheart, Ida Wilhelm, early Sunday.

Murphy, who is a married man, though separated from his wife, told the Burlington county authorities, they said, that he committed the murder because Fisher had informed Miss Wilhelm that Murphy had a wife.

LAW SUMMONS SIR EDWARD

Leader of Opposition and Ulster Chief Will Confer.

London, July 15.—A surprise was sprung by the announcement that Andrew Bonar Law, leader of the opposition in the house of commons, had summoned Sir Edward Carson to London, supposedly in connection with negotiations for a conference on home rule. It is believed a conference of the party leaders is being arranged. The house of lords finally passed and sent down to the house of commons the bill amending the home rule bill.

STATE COMPROMISES SUIT

Mississippi Settles Anti-Trust Action Against Standard Oil.

Jackson, Miss., July 15.—Attorney general Ross compromised for \$60,000 an anti-trust suit of the state of Mississippi against the Standard Oil company of Louisiana, the Standard Oil company of Kentucky and the Galena Signal Oil company. It was charged the companies were operating in restraint of trade.

BAKING POWDER MAKER DIES

Dr. Vincent Clarence Price Succumbs to Heart Disease.

Chicago, July 15.—Dr. Vincent Clarence Price, inventor and wealthy manufacturer of baking powder, died at his home here of heart disease after an illness of several months. Dr. Price was born in Troy, N. Y., in 1832 and was graduated from a New York medical school in 1858.

J. T. HEFLIN.

Alabama Congressman
Says Times Are Good.

BUSINESS NEVER BETTER

Congressman Hefflin of Alabama Is Optimistic.

Washington, July 15.—The administration's business policy was defended vigorously and the condition of the country's business declared to be better than ever in a speech in the house by Representative Hefflin of Alabama. Mr. Hefflin called Representative Humphrey, Republican of Washington, who has made several speeches picturing business depression, "a calamity howler."

VIGOROUS CAMPAIGN
ON TUBERCULOSIS

Minnesota State Board Decides to Quarantine.

St. Paul, July 15.—The state board of health has officially declared tuberculosis to be a communicable disease and subject to certain quarantine regulations. This action was taken at the suggestion of Dr. H. M. Bracken, secretary of the board, and marks an epoch in the fight against the white plague in Minnesota. The following resolution was passed: "Whereas, tuberculosis now is recognized as a communicable disease, therefore, be it resolved, that a case of open tuberculosis must be isolated either in a sanatorium or at home; "Be it also resolved, that all early cases shall be so cared for as to prevent the disease reaching a stage that will become dangerous to others, if possible."

This resolution means that in counties where there are no sanatoria the board will see that in all open cases of this disease, where there is danger of contagion, certain quarantine rules must be enforced.

According to members of the board this resolution and its enforcement is the most important action taken by the state in the war against tuberculosis since the campaign began.

ENGINEER WHO PULLED FIRST PULLMAN DEAD.

Berkeley, Cal., July 15.—Minor C. Gilmore, who gave Abraham Lincoln a "boost" in his engine cab when the president lost his train at Mattoon, Ill., soon after his first election, died here. He was seventy-seven years old.

Gilmore pulled the first Pullman dining car ever built.

BATHING LOVERS DROWNED

High Wave on Lake Michigan Claims Two Lives.

Chicago, July 15.—An unusually high wave carried Miss Florence Jordan and her fiancé, Nathan S. Mortin, bathers, into the lake, drowning both. Four other girls swimming near by were caught in the under tow of the wave and carried out, but were rescued.

The two swimmers were washed to their death in sight of hundreds of bathers.

PRIDE.

Pride is not the heritage of man. Humility should dwell with frailty and atone for ignorance, error and imperfection.

AGED MAN DENIED LENIENCY

Judge Hints of Sentence to State Prison.

Chicago, July 15.—Federal Judge Geiger refused to impose a fine on Francis M. Lowry, one of the defendants convicted with John F. Jelke of defrauding the government of the 10-cent tax on oleomargarine.

In refusing the judge intimated that a penitentiary sentence might be imposed on Mr. Lowry. He postponed until Sept. 14 a motion for a new trial.

Mr. Lowry is seventy years old.

WHY CLARK IS
NEVER CONSULTED

Speaker's Power Not as Great as That of Majority Leader.

WHO IS FINANCING MEXICO?

Attention Called to Tremendous Amount of Money Necessary to Maintain Standing Armies—Difficult to Keep a Quorum in Either House or Senate—Precedents Established.

By ARTHUR W. DUNN.

Washington, July 15.—[Special.]—"I wish he would consult the speaker," was the remark of a prominent Democrat of the house in referring to President Wilson. "He always consults Underwood and other members, but does not seem to realize that the speaker holds the second position of power in the country."

Probably the president realizes, as many other people have come to realize, that when the speaker was shorn of his power by the new methods adopted by the Democrats when they took control of the house, he is not so influential as he was in former years. No doubt the president consults Underwood in preference to Clark because he knows that the majority leader is in closer touch with the members of the house than the speaker. It is the leader who practically names the committees—that is what gives him his control—and Underwood is the kind of a man who can keep control.

Mexican Finances.

No doubt it is much cheaper to maintain armies in Mexico than it would be to maintain the same number of fighting men in other countries, but even in the Mexican way it must take a deal of money. Naturally the question is asked, "Who is financing the warring factions?"

The answer usually has been that large interests in Mexico are behind these factions, but even that is not quite satisfactory. It is doubtful whether the stake can possibly warrant the outlay. A civil war such as has torn Mexico for three years would have bankrupted almost any other country.

Counting a Quorum.

When Speaker Reed counted a quorum in the house more than twenty years ago he raised a riot. Now the speaker counts to determine the presence of a quorum day after day. Vice President Marshall found one day that forty-eight senators had voted on a proposition, just one short of a quorum. "We might just as well settle this question now as any other time," he announced and proceeded to count three senators who had announced their pairs and declined to vote as making a quorum. There was an appeal and a great deal of argument. Then the morning hour expired, and the question was shunted into the limbo of things never decided. But some day Vice President Marshall will establish his precedent on this subject, upsetting all that has gone before.

Long Service Against Him.

Congressman James T. Lloyd of Missouri is encountering serious opposition at home because he is now serving his ninth term, or eighteen years in all. "No Democrat forty years old has ever had an opportunity to vote for any one but Jim Lloyd," is the argument which is used by his opponents. Oftentimes long service is an asset because of the advantage it gives a member in committee assignments and influence. But there comes a time when ambitious men say, "He's had it long enough," and they go after the long service man.

Short Talks by Gallinger.

"I am not going to discuss this question at any length," said Senator Gallinger of New Hampshire when he began addressing the senate. "I have come to the conclusion that I am not going to discuss anything at great length in the senate hereafter," he added. There are millions of people who wish that other senators would follow the lead of this senior senator of the body and "can" much of the talk.

Cause of Absenteeism.

So many senators gave as a reason for nonattendance in the senate that they were engaged in committee work caused an investigation to be made, and it was ascertained that sixteen committees of the senate had obtained permission to sit during the sessions of the senate. Of course that excused the senators, although they did not have to give any excuse. They can simply stay away, and there is no way to help it.

The Game of "Seesaw."

Congressman Wingo of Arkansas was criticizing the methods of legislation one day and remarked that he thought it was about time for the house to stop "seesawing with the senate." He said he would rather retire from congress than engage in such a game.

"I'm afraid my friend will have to resign," remarked Congressman Sisson of Mississippi, "for the only way we can legislate is to seesaw with the senate." Sisson knew, for he had been on many conference committees when the "seesawing" lasted for weeks. And, what is more, he knows that the senate has better staying qualities in such a game than the house.

WOMAN FACES SECOND TRIAL

Mrs. Bessie J. Wakefield Brought Into Court.

New Haven, Conn., July 15.—Accused of having, with James Plew, caused the death of her husband, William O. Wakefield, in the Cheshire woods a little more than a year ago, Mrs. Bessie J. Wakefield was for the second time brought to trial in the superior court here on a charge of murder in the first degree.

Eighty-four talesmen were in court when the case was called and the selection of the jury began.

HINDUS ARE URGED
TO RISE IN REVOLT

Uprising Against British Government Preached.

Vancouver, July 15.—Four hundred Hindu volunteers are being held in Western Canada to go back to India with the Hindu passengers on the Kamogata Maru, who have been denied admission, and preach revolt against the British empire.

A Mohammedan priest spoke in Sikh temple here on Saturday night and urged his hearers to join in the movement. Six Hindus have just come from Golden, B. C., and are addressing meetings of the Hindus in this city, urging the same thing. They purpose to canvass Vancouver, Victoria, Nanaimo and other centers in British Columbia with their propaganda.

According to those who are following the movement it is intended to raise a force of 1,000 anti-British missionaries, including the 400 volunteers and the 350 Kamogata Maru passengers soon to be deported.

DARING DAYLIGHT ROBBERY

Lone Robber Seizes \$110 and Some Jewelry From Two Women.

St. Paul, July 15.—Two young women were held up and robbed near the fish hatcheries by a bandit who didn't take the trouble of wearing a mask. The women, who gave their names to the police as Miss Florence H. Marshall of Chicago and Miss Amelia Marshall, St. Paul, said they were robbed of \$110, a gold watch, a pearl pendant and a baby's bracelet, which one of them was carrying in a hand-bag.

The Misses Marshall drove to the hatcheries in a carriage. They had just started up the hill on the return when a man sprang from a clump of bushes.

He pointed a pistol at him and demanded that they give up their valuables. After the young women had given up their money and jewelry the bandit retreated through the bushes at the edge of the road. He threatened to shoot if either of them screamed.

CONVICTED BRIBER DIES IN HOSPITAL.

San Francisco, July 15.—Michael W. Coffey, first of the supervisors to be convicted of bribe taking in the San Francisco graft trials, dropped dead in a hospital here while he was waiting for a doctor to examine his daughter for a trivial complaint.

DOCTOR THREW AWAY HEAD

Seattle Murder Mystery Exploded by Coroner.

Seattle, Wash., July 15.—A woman's head, found by workmen on the city garbage dump at the foot of Borden avenue, on the south shore of Lake Union, and which at first was believed to have belonged to a murder victim, was thrown away by a physician who had been conducting experiments on a corpse obtained from the county hospital, the coroner announced.

A preparation of red lead used in medical laboratory work had been injected into the head, giving it the appearance of having only recently been severed from a living body.

STARTS BOOM FOR HAMMOND

Eastern Paper Says He Would Appeal to Conservatives.

Washington, July 15.—The Washington Herald springs Congressman W. S. Hammond of Minnesota for the presidential nomination in 1916 if he is elected governor this fall. It says: "The sudden prominence of Hammond as a candidate for executive honors in the Gopher state is giving concern and some agitation to Democrats who realize that he will be a big figure in the next national convention if he puts Minnesota in the Democratic column this year."

"Hammond would appeal to many conservative Democrats the country over as a more acceptable candidate for first place than Woodrow Wilson."

TORPEDO BOAT IS DAMAGED

Steamer Uninjured in Collision Off Portland, Me.

Portland, Me., July 15.—The steamer Governor Dingley and the torpedo boat Rodgers were in collision off this port. The steamer struck the torpedo boat a glancing blow on her port side, loosening a plate of the naval vessel and causing her to leak considerably.

NEGRO PICKS SMITH TO BEAT CARPENTIER.

London, July 15.—In an interview printed in a London paper Jack Johnson, the negro heavyweight champion, predicted that Gunboat Smith will beat Georges Carpentier when they fight here Thursday night. "Smith is too strong and durable for Carpentier," said Johnson. "I expect to see the American win."

Engineers and Firemen Are Preparing to Strike.

AFFECTS NINETY-EIGHT LINES

Vote in Favor of Leaving Work on

All Lines West of Chicago Is Said to Be Overwhelming and the Result of the Ballot Will Be Presented to the General Managers' Committee in Writing.

Chicago, July 15.—Conferences between the managers' committee and the engineers and firemen of the ninety-eight railroads west of Chicago will not be reopened except at the request of the roads, it was announced by representatives of the men.

Backed by an overwhelming vote in favor of a strike the representatives of the men hold that only by the railroads yielding from their position can be averted a strike that might become the most extensive and disastrous in American railroad history.

The result of the referendum vote will be presented to the general managers' committee in writing, according to a request made by them at a conference.

The engineers said they have exhausted every effort to avert a strike and that effective means to force the railroads to action will follow unless a reply is received shortly from the managers in which promises of an agreement are held forth.

There is more Catarrh in this section
of the country than all other diseases
put together, and until the last few
years was supposed to be incurable. For
a great many years doctors pronounced
remedies, and by constantly failing to
cure with local treatment, pronounced it
incurable. Science has proven catarrh
to be a constitutional disease, and there-
fore requires constitutional treatment.
Halls Catarrh Cure, manufactured by

BABY CAMEL AT CARNIVAL

World at Home Exposition Boasts of
Great Attraction in "The
Garden of Allah"

MIKE ZINNEY PLAYS NURSE

Pay Day Today will Bring the At-
tendance to the Top Notch Point
Afternoon and Evening

Baby camels are without exception most rare in the North American country. According to the statement of those well versed in that particular line there is but one baby camel in North America and that is owned by the Garden of Allah, one of the big feature attractions with the World at Home, now showing in Brainerd. The "baby" is now three weeks old and takes part in every performance at the Garden of Allah.

When the baby was born at Cedar Rapids, Iowa, Mike Zinney, one of the owners of the Garden of Allah, acted the role of nurse. Mike cared for the infant tenderly, carrying it around wrapped in a blanket, which was brought to this country when the mother camel made the trip from Morocco. Mike fed the baby and as an evidence that he made a most excellent nurse is the fact that the baby is now a robust youngster able to give a good account of itself at all times. At birth the baby weighed 40 pounds and was about three feet high. In three weeks the animal has added one foot to its height and 30 pounds weight.

One fact not generally recognized regarding camels is that they are as a rule the most affectionate animals in the world. To one who has gained their good will they will kiss and make over much as a loving child does its mother and then as if seeking rest and "petting" will put its head inside the coat, if the person so caressed is a man, or under the arm if a woman. The baby has not as yet reached the caressing stage, preferring to scamper and jump, enjoying its young life.

In addition to the baby and mother there are four male camels taking part in the magnificent spectacle of the Garden of Allah. All are highly trained and immediately respond to the slightest command. Brainerd residents are urged to see the baby camel as chances are that the opportunity will never come again within a life time. Several donkeys imported direct from Cairo, Egypt, for the World at Home production of the Garden of Allah also take part in the production.

"The Circle of Death," the name applied to the Motordrome, the big hair-raising, dare devil attraction of the World at Home, now showing in Brainerd, but slightly gives one who has not visited the saucer shaped track an idea of the hazard of the amusement offered. Three riders are used on the track, but as the lecturer says, there are always four riding, for the grim specter, Death, is always there waiting for the slightest move on the part of the riders which would dash all of them to death in the pit below.

The motordrome with its attendant thrills and momentary dangers is but an answer to the demands of the amusement seeking public. The old order of things paled on the tastes of sport lovers and the "drome" sprung up in demand for something more dare-devil and hazardous than anything that had gone before. Some day the "drome" will give way to another sensation but at this day it is hard to conceive of anything that would hold more of the death defying element than does the "drome."

An idea of the abandon with which the riders court death, or permanent injuries can be gathered from the manner in which one rides around the very top portion of the track on a motorcycle going at the highest rate of speed, with arms folded and feet off the pedals, guiding the machine by bodily power alone, while below him are two other riders, one doing the serpent trail or zig-zag around the track while the third endeavors to outdistance both. One little slip, an instant's diversion of attention by any of the three reckless riders and all would be hurled to the bottom.

The World at Home motordrome riders have been declared to be the greatest and most fearless in the business and their work every afternoon and evening fully justifies the title. The motordrome is worth a visit of

every man, woman and child in Brainerd.

That the World at Home shows have made a favorable impression upon the residents of Brainerd was evidenced again last night when a mighty, merry crowd of pleasure seekers crowded every available inch of the Plaza of Pleasure. The crowd began forming about 6 o'clock in the evening and stayed until near the midnight hour, reveling, for the while, in the merry making of a brilliantly lighted thoroughfare where music, instruction and unoffending amusements reigned. If there is a resident of Brainerd who has not strolled along the Plaza of Pleasure, in the words of the announcers "now is the time to be going." The big sensational free act the diving horse, with little Mamie Francis riding, will start the merry making by making the dive at 7:30 this evening, after which all the shows will open.

The Wonders of Melodia, a giant musical spectacle, which had been prevented from opening Monday and Tuesday evenings will be ready and open this evening. Professor Willard, owner of Melodia, has spent a life time in evolving novel musical inventions and it is evident from notices received throughout the country that he has surpassed all expectations in the perfecting of Melodia.

Various models of the workings of the Panama Canal have been shown in Brainerd but the exhibition with the World at Home seems to be the most complete, and judging by patronage, the most popular ever shown here. The model being shown here was built by the official model maker of the Isthmian canal commission and was prepared from actual government working plans with the result that the entire canal is exhibited. Every detail of the most wonderful achievement of modern times is fully demonstrated and more fully explained by a competent lecturer. The exhibition is without exception the most instructive and of the greatest value of any along the Plaza.

A myriad of other attractions which seemed to be getting a big patronage last evening line both sides of the Plaza. There is not a show on the grounds that could possibly affect the most decorous. There is a pleasing absence of the "cooch" or other suggestive entertainment. Mother, father and the children can visit every show and depart feeling the better for the entertainment offered.

CROW WING COUNTY DIGEST

A. N. Jacobs Manager, H. D. Wilson
Editor, First Issue on
July Tenth

No. 1, volume 1, of the Crow Wing County Digest made its appearance on July 10th. Well printed on 32 pages and cover, it is in the shape of a magazine and will be a monthly publication devoted to the interests of Crow Wing county.

"We believe," says the Digest, "that the farmers of Northern Minnesota have been neglected and through this periodical we will do all we can to bring the citizens of Crow Wing county a realization of the great agricultural possibilities of this section of the state."

We believe that Crow Wing county devotes too much time to the mining industry and too little to farming.

We believe that the farmers in Crow Wing county should be given an opportunity to make good.

We believe in good roads, markets in Crow Wing county and in the development of those rich lands now in the hands of a few speculators.

We believe that the farmers of Crow Wing county should assist us in every way to realize these hopes."

BUSH AND BENDER FEATURED

Advertising Matter from the North
Says They are Brothers of
the Famous Mackmen

Brainerd plays out of town next Saturday and Sunday, July 18 and 19, meeting International Falls. The north country team has built up a reputation for fast, consistent playing and two good games are expected.

Advertising matter from the north features Bush and Bender, of Brainerd team, as brothers of the famous Mackmen, Joe Bullet Leslie Bush and Charles Albert Bender.

It makes attractive advertising. Brainerd hopes the locals will win both games and come back with a lot of glory and money. The games will have an added attendance from the fact that the Northern Minnesota Editorial convention will be at International Falls about the same time.

The Brainerd players will take a sleeper from Brainerd Friday night.

Little Falls defeated Staples 2 to 0 Sunday. The batteries were Dominick and Murphy, Ellis and C. Schroeder. Dominick took it easy and depended to a large extent on his support. Tanner was out of the game, playing with Verndale against Brainerd Sunday.

Fort Ripley nosed out a victory 2 to 1 against the Victors. The batteries for the Victors was Ploof and Ackerman. LaForce pitched for Ft. Ripley. In the seventh the catcher of the Victors made a wide throw to second and permitted men on second and third to score.

Hebert-Strickling

Joseph Hebert and Miss Mollie M. Strickling were married Tuesday evening at 6 o'clock at the home of the bride on South Sixth street, the ceremony, the ring service of the Methodist church, being performed by Rev. E. E. Satterlee.

The bride wore a beautiful gown of white messaline and carried bridal roses. She was unattended. The short, simple but impressive ceremony was witnessed by intimate friends of the bride and groom.

A luncheon was served after the wedding. Mr. and Mrs. Hebert left for a trip on the Great Lakes and will also visit Marquette, Mich. They will be at home after August 1.

The bridegroom is a member of the firm of Cochran & Hebert. The bride has a large circle of friends. The Dispatch joins their many friends in wishing them much happiness and prosperity.

Jos. Harrison of Garrison town presented a petition on behalf of three Rural telephone companies for a right of way for pole line from the city limits of Brainerd east on State Highway No. 2 thence through Nokay Lake, Bay Lake and Garrison to John Dewing's place in Roosevelt. On motion the request was granted.

A petition was presented by the property owners along ditch No. 12 in Bay Lake asking that same be cleaned out. On motion Louis Knudson was appointed as Engineer to lay the levels for the work preparatory to letting the contract.

Complaint was also made in regard to Ditch No. 10 and the matter was referred to Commissioner Krech with power to have the necessary work done.

J. C. Barber and others called the attention of the Board to the condition of State Road No. 2 and Engineer Garrison was directed to proceed with the repair work out of the maintenance fund.

Committees from Farmers clubs and the Chamber of Commerce urged that Crow Wing county make a proper exhibit at the Minnesota State Fair. On motion \$400.00 was set aside from the revenue fund for this purpose.

The auditor was directed to advertise for 60 tons of soft coal for the court house and jail.

W. E. Lewis, town clerk of Maple Grove, reminded the board of their promise to help build a new bridge across the Nokay Sebie in section 5 of that town and \$50.00 was set aside from the road and bridge fund to the Town of Maple Grove to help in the work.

Joseph Derosier as president of the Union Telephone line asked for a right of way for pole line from the southeast corner of section 19, township 43, range 31 thence north on the town line to railway thence along the railroad to the city limits. A motion was made and duly carried to grant the request.

The town board of Jenkins reported that the new bridge across Pine River in section 10 had been damaged by the flood and the district engineer was ordered to examine the bridge and report the repairs needed.

A motion was made and carried setting aside \$300.00 from the general revenue fund to the incidental fund to pay freight, express and postage.

Harry L. Stearns was appointed road overseer in township 134, range 28 for the balance of this year.

Letter was read from the State Board of Health reporting 1 case of scarlet fever, 4 of small pox, 1 of tuberculosis and 2 of typhoid fever in Brainerd; 1 case of scarlet fever in Crosby; 1 case of small pox in Jenkins; 8 cases of measles and 1 of tuberculosis in Pequot; 2 cases of small pox in Riverton; 1 case of typhoid in Dean Lake town and 3 cases of measles in Sibley township.

Board adjourned until 2 o'clock p. m. All members present.

Application of Geo. D. Webber & company for a transfer of their liquor license in Julesburg to Shore Acres was read. Motion was made to grant the application but it was voted down 3 to 2.

Application of Mike Janesky for a renewal of his liquor license at Barrows was read and hearing continued until August 4th, as no bond was filed.

Application of J. E. Rothhaus for a reduction of assessment on lot 4 and south half lot 5, block 41 in Brainerd account of no building was approved.

Applications for road money were received from Platte Lake and Allen but none were granted.

W. S. Hewitt of the Hewitt Bridge & Steel Co. reported the foundations in and the material on the ground for bridges No. 1145 and 1152 in Bay Lake and Daggett Brook and the auditor was directed to issue warrant for 50 per cent of contract price on same.

Plat of Cullen Lake Park in lot 7, section 36, township 136, range 29, was presented by Louis Knudson on

Fishing Parties

Alfred E. Taylor who died at Bay Lake, Minn., June 23rd of acute Bright's disease was 78 years old and was buried at Jackson, Mich., June 25th. Mr. Taylor was a widely known railway man, identified with the early history of the Northern Pacific railway.

Mr. Taylor was associated with the Michigan Central Railway during his early life in various capacities. He advanced from brakeman on a work train during the war time, 1860-64 to general roadmaster with headquarters at Niles and Jackson, Mich.

Leaving that road in the early seventies, he moved to Brainerd and associated with the Northern Pacific railway, until 1883. Henry Villard was then in charge of N. P. affairs, the road being in the constructive period. Mr. Taylor acted as general roadmaster in charge of bridges, buildings and track work. He was intrusted with many tasks aside from his regular duties. In those days many special cars and trains with foreign financiers and other notables made quite frequent trips of inspection. Mr. Taylor was often delegated to give them personal attention. The late Pierpont Morgan, Bob Ingersoll, Colonel Fred Grant, and other national characters were in fishing parties conducted by him at points in Northern Minnesota.

Leaving the service of the N. P. in 1883, Mr. Taylor and his son Charles E., engaged in the grocery business here, later moving to Chicago, taking the position of General Roadmaster with the A. T. & S. F. Ry. He retired from active work about 15 years ago on account of poor health of his wife, who after a lingering illness died there and was buried at Jackson, Mich. Mr. Taylor married his present wife Mrs. R. H. Smith, of Mandan, N. D. at Cloquet, Minn., September 12th, 1905, and since that time has lived at Cloquet, Minn., Superior, Wis., Duluth and Minneapolis, Minn., respectively during the winter months, spending their summers at Bay Lake.

He enjoyed a remarkably large circle of friends and acquaintances throughout the country, he was a strong forceful Christian character up to the end, having had but a few days sickness during his 78 years.

Those surviving him are Mrs. A. E. Taylor, wife, residence Minneapolis; C. E. Taylor, son, Supt. of the Santa Fe Ry. terminals, Chicago, Ill.; Mrs. J. R. Spencer, daughter, St. Louis, Mo.; W. H. Smith, step-son, Agent N. P. Ry., Minneapolis, Minn.

Finest physic in the world for children. They love to take it—it tastes like lemonade. It is mild—and suits their sensitive organs. It is thorough—and keeps their systems cleansed, sweet and wholesome. It does the same for grown-ups, too. An ideal laxative. H. P. Dunn—Advt. mwf

No Place For Thumb Prints.

Mrs. Flatbush—And you think your little boy steals your pies?
Mrs. Bensonhurst—Somebody does, and I suspect Tommie.
"Well, there's a way you can tell."
"By the thumb prints."
"Oh, no, I can't. When Tommie gets through with a pie there aren't any thumb prints!"—Yonkers Statesman.

A Perfect Cathartic

There is sure and wholesome action in every dose of Foley Cathartic Tablets. They cleanse with never a gripe or pain. Chronic cases of constipation find them invaluable. BRAINERD IN NORTH COUNTRY

Baseball Team Plays International Falls on Saturday and Sunday, July 18 and 19

BUSH AND BENDER FEATURED

Advertising Matter from the North Says They are Brothers of the Famous Mackmen

Brainerd plays out of town next Saturday and Sunday, July 18 and 19, meeting International Falls. The north country team has built up a reputation for fast, consistent playing and two good games are expected. Advertising matter from the north features Bush and Bender, of Brainerd team, as brothers of the famous Mackmen, Joe Bullet Leslie Bush and Charles Albert Bender.

It makes attractive advertising. Brainerd hopes the locals will win both games and come back with a lot of glory and money. The games will have an added attendance from the fact that the Northern Minnesota Editorial convention will be at International Falls about the same time.

The Brainerd players will take a sleeper from Brainerd Friday night.

Little Falls defeated Staples 2 to 0 Sunday. The batteries were Dominick and Murphy, Ellis and C. Schroeder. Dominick took it easy and depended to a large extent on his support. Tanner was out of the game, playing with Verdale against Brainerd Sunday.

Port Ripley nosed out a victory 2 to 1 against the Victors. The batteries for the Victors was Ploof and Ackerman. LaForce pitched for Ft. Ripley. In the seventh the catcher of the Victors made a wide throw to second and permitted men on second and third to score.

Hebert-Strickling

Joseph Hebert and Miss Mollie E. Strickling were married Tuesday evening at 6 o'clock at the home of the bride on South Sixth street, the ceremony, the ring service of the Methodist church, being performed by Rev. E. E. Satterlee.

The bride wore a beautiful gown of white mesh and carried bridal roses. She was unattended. The short, simple but impressive ceremony was witnessed by intimate friends of the bride and groom.

A luncheon was served after the wedding. Mr. and Mrs. Hebert left for a trip on the Great Lakes and will also visit Marquette, Mich. They will be at home after August 1.

The bridegroom is a member of the firm of Cochran & Hebert. The bride has a large circle of friends. The Dispatch joins their many friends in wishing them much happiness and prosperity.

All bids must be accompanied by a certified check or bond for 5 per cent of the total price bid. Plans and specifications can be obtained from the City Engineer after July 20th, 1914.

The Council reserves the right to reject any and all bids.
C. D. PEACOCK,
City Engineer.

COMMISSIONERS PROCEEDINGS

Proceedings of Board of County Commissioners, Meeting held July 14th, 1914.

Board met at the court house at 10 o'clock a. m.

All members present.

Minutes of the last meeting read and approved.

Engineer Garrison reported a gravel bed in the NW 1/4 of the NW 1/4, section 13, township 134, range 28, suitable for road purposes, and the County auditor was instructed to write to the owners in regarding to leasing same.

Jos. Harrison of Garrison town presented a petition on behalf of three Rural telephone companies for a right of way for pole line from the city limits of Brainerd east on State Highway No. 2 thence through Nokay Lake, Bay Lake and Garrison to John Dewing's place in Roosevelt. On motion the request was granted.

A petition was presented by the property owners along ditch No. 12 in Bay Lake asking that same be cleaned out. On motion Louis Knudson was appointed as Engineer to lay the levels for the work preparatory to letting the contract.

Complaint was also made in regard to Ditch No. 10 and the matter was referred to Commissioner Krech with power to have the necessary work done.

J. C. Barber and others called the attention of the Board to the condition of State Road No. 2 and Engineer Garrison was directed to proceed with the repair work out of the maintenance fund.

Committees from Farmers clubs and the Chamber of Commerce urged that Crow Wing county make a proper exhibit at the Minnesota State Fair. On motion \$400.00 was set aside from the revenue fund for this purpose.

The auditor was directed to advertise for 60 tons of soft coal for the court house and jail.

W. E. Lewis, town clerk of Maple Grove, reminded the board of their promise to help build a new bridge across the Nokay Sebie in section 5 of that town and \$50.00 was set aside from the road and bridge fund to the Town of Maple Grove to help in the work.

Joseph Derosier as president of the Union Telephone line asked for a right of way for pole line from the southeast corner of section 19, township 43, range 31 thence north on the town line to railway thence along the railroad to the city limits. A motion was made and duly carried to grant the request.

The town board of Jenkins reported that the new bridge across Pine River in section 10 had been damaged by the flood and the district engineer was ordered to examine the bridge and report the repairs needed.

A motion was made and carried setting aside \$300.00 from the general revenue fund to the incidental fund to pay freight, express and postage.

Harry L. Stearns was appointed road overseer in township 134, range 28 for the balance of this year.

Letter was read from the State Board of Health reporting 1 case of scarlet fever, 4 of small pox, 1 of tuberculosis and 2 of typhoid fever in Brainerd; 1 case of scarlet fever in Crosby; 1 case of small pox in Jenkins; 8 cases of measles and 1 of tuberculosis in Pequot; 2 cases of small pox in Riverton; 1 case of typhoid in Dean Lake town and 3 cases of measles in Sibley township.

Board adjourned until 2 o'clock p. m. All members present.

Application of Geo. D. Webber & company for a transfer of their Liquor License in Julesburg to Shore Acres was read. Motion was made to grant the application but it was voted down 3 to 2.

Application of Mike Janesky for a renewal of his liquor license at Barrows was read and hearing continued until August 4th, as no bond was filed.

Application of J. E. Rothhouse for a reduction of assessment on lot 4 and south half lot 5, block 41 in Brainerd account of no building was approved.

Applications for road money were received from Platte Lake and Allen but none were granted.

W. S. Hewitt of the Hewitt Bridge & Steel Co. reported the foundations in and the material on the ground for bridges No. 1145 and 1152 in Bay Lake and Daggett Brook and the auditor was directed to issue warrant for 50 per cent of contract price on same.

Plat of Cullen Lake Park in lot 7, section 36, township 136, range 29, was presented by Louis Knudson on (Continued from page 4)

WITH N. P. RY. UNDER VILLARD

Alfred E. Taylor, Who Died at Bay Lake, was General Roadmaster of the Railway

ALSO WITH MICHIGAN CENTRAL

Pierpont Morgan, Bob Ingersoll and Col. Fred Grant were in His Fishing Parties

Alfred E. Taylor who died at Bay Lake, Minn., June 23rd of acute Bright's disease was 78 years old and was buried at Jackson, Mich., June 25th. Mr. Taylor was a widely known railway man, identified with the early history of the Northern Pacific railway.

Mr. Taylor was associated with the Michigan Central Railway during his early life in various capacities. He advanced from brakeman on a work train during the war time, 1860-64 to general roadmaster with headquarters at Niles and Jackson, Mich.

Leaving that road in the early seventies, he moved to Brainerd and associated with the Northern Pacific railway, until 1883. Henry Villard was then in charge of N. P. affairs, the road being in the constructive period. Mr. Taylor acted as general roadmaster in charge of bridges, buildings and track work. He was intrusted with many tasks aside from his regular duties. In those days many special cars and trains with foreign financiers and other notables made quite frequent trips of inspection. Mr. Taylor was often delegated to give them personal attention. The late Pierpont Morgan, Bob Ingersoll, Colonel Fred Grant, and other national characters were in fishing parties conducted by him at points in Northern Minnesota.

Leaving the service of the N. P. in 1883, Mr. Taylor and his son Charles E., engaged in the grocery business here, later moving to Chicago, taking the position of General Roadmaster with the A. T. & S. F. Ry. He retired from active work about 15 years ago on account of poor health of his wife, who after a lingering illness died there and was buried at Jackson, Mich. Mr. Taylor married his present wife Mrs. R. H. Smith, of Mandan, N. D. at Cloquet, Minn., September 12th, 1905, and since that time has lived at Cloquet, Minn., Superior, Wis., Duluth and Minneapolis, Minn., respectively during the winter months, spending their summers at Bay Lake.

He enjoyed a remarkably large circle of friends and acquaintances throughout the country, he was a strong forceful Christian character up to the end, having had but a few days sickness during his 78 years.

Those surviving him are Mrs. A. E. Taylor, wife, residence Minneapolis; C. E. Taylor, son, Supt. of the Santa Fe Ry. terminals, Chicago, Ill.; Mrs. J. R. Spencer, daughter, St. Louis, Mo.; W. H. Smith, step-son, Agent N. P. Ry., Minneapolis, Minn.

WHEN men go camping, they travel light. Each of the few things taken has its part to do and must be depended upon to do it.

Therefore, the fact that they take Ivory Soap to do the cleansing has the following significance:

It means that Ivory fulfills every soap requirement. That it can be used for the toilet and for washing clothes and utensils equally well. That it can be used conveniently under any and all conditions.

Ivory Soap fulfills the trust placed in it because it is of extraordinary quality, because it is mild and pure and because it floats.

Worked the Librarian.
Librarian (to borrower)—Can I help you in any way?
Borrower—I want to find out in what books the following characters are mentioned: Becky Sharp, Cordelia, Snake, Sir Mulberry Hawk, Knott Arden, Abraham Adams, John Silver, Mr. Eden, Lalla Rookh, Dinah Morris, Miles Standish, Caleb Balderstone.
Librarian (after much time spent in research)—That completes the list.
Borrower—Thanks. It's for a competition in Blake's Weekly, you know.

If Kidneys and Bladder Bother
Then Foley Kidney Pills
Overworked kidneys will break down if not helped. When they can no longer protect the blood and the body from the poisons that come to them, then look out for Bright's disease, serious kidney trouble and bladder annoyances. Foley Kidney Pills are your best protection, your best medicine for weak, sore, overworked kidney and bladder weaknesses. H. P. Dunn—Advt. mwf
